

U.S National Kubb Championship Kubb Set Grant Application (2019)

Grant Description: The U.S. National Kubb Championship Kubb Set Grant is to promote kubb in new communities and/or with populations that currently are underrepresented in playing kubb in a specific community. These populations could include minorities, youth, disabled, etc. Free kubb sets will be sent to successful applicants. Applicants will need to show that the sets will be used in a way that will grow kubb and will also work towards sustained kubb activity in the community and/or with the new populations. The grant is a competitive grant, so the U.S. National Kubb Championship cannot guarantee that every applicant will be awarded sets. Unless there are exceptional circumstances, a maximum of two sets will be awarded for each application. The grant will not be awarded for sets to be used for personal use or solely for tournaments. A brief follow-up review will be required. The review will include a brief narrative that described the outcome of the use of the set(s). This will include successes, any setbacks, future plans, and pictures.
